

BROOKFIELD INSIDER

NOVEMBER 2023

E-Newsletter for the Month of November 2023

FROM THE EDITORIAL BOARD

Dear Parents and Students,

Greetings from Brookfield International School!!!

In the realm of education, where each stride shapes futures, Brookfield International School stands as a beacon of excellence. As William Shakespeare wisely remarked, "Things done well and with a care, exempt themselves from fear", our institution embodies this ethos in every facet of learning.

Students, the heart of our community, experience a holistic approach to learning. From a well-crafted curriculum to extracurricular activities, every facet is designed to foster a love for learning and personal growth. As they engage in projects and embrace challenges, they emerge both academically proficient and confident individuals ready to face the world.

At BFIS, we understand that education is not just about facts and figures but about empowering young minds to navigate a future of uncertainties fearlessly. We take pride in our commitment to excellence, ensuring that every lesson and interaction is executed carefully, exempting our students and parents from the fear often accompanying the educational journey.

With heartfelt gratitude and warmest regards,

Ms. PARAMJOT, Ms. PRIYANKA KAUSHAL & Ms. SAKSHI GERA

GROW WITH THE FLOW

DIYA DECORATION ACTIVITY

GURPURAB CELEBRATIONS

DIYA DECORATION ACTIVITY

Every Diya that lights up the world brightens up each heart with joy.

The very first week of the month kick-started with the Diwali decorations and preparations in the kindergarten wing. Our little pumpkins decorated earthen diyas with colours, glitters and dazzling crystals. Through this activity, they were made aware about the use of eco-friendly materials and to support the local potters and craftsmen in the coming festivities.

DIWALI BASH

The scent of flowers,
The colours of Rangoli,
The gifts and sweets,
The candles and diyas;
All brightens up our homes
With the spirit of Dazzling Diwali.

On 10th November, the junior wing adorned the festive look with corridors decorated with lanterns and rangoli. Little ones came all dressed up in beautiful ethnic attires to celebrate the Diwali festivities with their friends and teachers. They indulged in various crafts activities and savoured the goodies packed in their lunchboxes for this special occasion. Later, children danced on the jazzy numbers and added to the joy of the festivities with their laughter and dances. They also watched short video clips on celebrating the festival responsibly and taking care of the strays and pets during the celebrations. The school reverberated with their slogans of Green Diwali!

MORNING ASSEMBLY

Morning assemblies in schools play a vital role in setting the tone for the day, fostering a sense of community, instilling discipline and promoting holistic development among students. The day of UKG children in school starts with a formal school assembly with prayers, current affairs discussions, value education and the national anthem, setting the tone for more formal school days ahead when they move to grade 1. The morning assembly has a focused environment where students can focus their attention and listen to important messages and educational content.

TEACHER'S ADDRESS

"They may forget what you said but they will not forget how you made them feel." -Carl Buechner

I am truly honored to be a kindergarten teacher entrusted with the incredible task of nurturing young minds and laying the foundation for a lifetime of learning. In our vibrant classroom, each day is a journey filled with laughter, curiosity, and boundless enthusiasm. My role extends beyond imparting academic knowledge; it's about fostering a love for learning, instilling kindness, and igniting a passion for discovery.

Here's to a year of growth, laughter, and boundless discovery.

**KRITIKA BORA
TEACHER (BFIS)**

DRAWING COMPETITION

Drawing and colouring are integral parts of our kindergarten curriculum. We encourage children to draw and colour whenever possible. Kids often find it challenging to express their thoughts and feelings verbally. Drawing and painting provide an alternative way for them to communicate. Art gives them a safe space to express their emotions, whether they're happy, sad, excited, or confused. On 17th November, our munchkins participated in the intra-class drawing competition based on the theme of the Eco-friendly Diwali. They were judged based on creativity, choice of colour tone and neatness. Children who engage in drawing and painting are encouraged to think outside the box. They experiment with colours, shapes, and lines, which helps develop their problem-solving skills and imagination.

GURPURAB CELEBRATION

In the light of Nanak's grace,
A guiding star for every race.
Gurpurab, a day so bright,
Illuminating love and light.
His teachings echo through the ages,
Wisdom shared in sacred pages.
Harmony, compassion, and peace,
Guru Nanak's love will never cease.

Brookfield International School celebrated Gurupurab, bringing together students, teachers, and guests for a cultural event. Students performed a soul-stirring "Shabad Kirtan," accompanied by teachers, showcasing unity and cultural appreciation. The celebration ended with a sense of unity, leaving a strong impression. Brookfield International School continues to prioritize holistic education, integrating cultural celebrations into the learning experience."
