E-Newsletter for the Month of SEPTEMBER 2023

SEPTEMBER 2023

## FROM THE EDITORIAL BOARD

Dear Parents and Students,

### Greetings from Brookfield International School!!!

Each day is an opportunity to expand the horizons, explore the passions, and cultivate the skills that will shape the future. Children, you must embrace every lesson, challenge, and friendship that comes along the way, for these experiences will mould you all into the leaders and thinkers of tomorrow. Hence, it is rightly said that- "Every dream you dream, every goal you set, and every adventure you embark upon begins with a single step. Embrace each step with curiosity, courage, and a heart full of wonder, for within you lies the power to turn dreams into reality."

Parents, your encouragement, guidance, and partnership in your child's education are instrumental in their success. Together, we form a strong foundation for our students to build their dreams. Let's carry the inspiration forward, serving as a powerful reminder that each day presents us with unique opportunities to learn, grow, and make a meaningful, positive impact on our world.

As we reflect on the past month's vibrant activities and remarkable accomplishments, September has undeniably proven to be a dynamic and enriching period at BFIS. It's with great enthusiasm that we bring to you some highlights of the memorable moments that unfolded during the time.

With heartfelt gratitude and warmest regards,

Ms. PARAMJOT, Ms. PRIYANKA KAUSHAL & Ms. SAKSHI GERA

# NUKKAD NATAK

## Inter-House Competition

In a splendid display of talent and awareness, Brookfield International School hosted the Inter-House Nukkad Natak Competition on September 1, 2023. This event became a platform for our students to advocate for crucial social issues through the power of drama.

The nukkad natak showcased an array of topics encompassing women's empowerment, the right to education, gender discrimination, and violence against women. Our students left no stone unturned in delivering compelling performances that entertained and provoked deep thought. The event's resounding success echoed our commitment to raising awareness about vital social issues.

“ Every street corner is a stage, and every person is a potential actor. Nukkad Natak brings stories to life which the audience least expects. ”

## TEACHERS' DAY

On September 5, 2023, **Brookfield International School** came together to celebrate **Teacher's Day** with heartfelt appreciation for our dedicated educators.

The students paid tribute to their inspirational mentors through a dazzling Cultural Extravaganza, showcasing their talents in mesmerizing dance performances and soul-stirring music. Laughter filled the school grounds as students and teachers engaged in friendly games, fostering deeper connections beyond the classroom.

The **worthy management of Brookfield International School** further heightened the celebration by generously sponsoring a sumptuous lunch, allowing our teachers to relax and enjoy the moment with their colleagues.

**Hon'ble President Mr Manav Singla** delivered a heartfelt speech acknowledging the teachers' dedication, and the **Founder Principal, Dr. JK Singh**, praised the teachers for their commendable work. It was a day overflowing with love, respect, and admiration for our exceptional educators.

“ Teachers are the unsung heroes, the architects of a brighter future. They shape minds, instill values, and ignite a passion for learning. With unwavering dedication, they light the way for generations to come. ”

# Doctor's Visit

Brookfield International School organised an informative session with gynaecologist **Dr Tajinder Kaur** and nutritionist **Dr Sahiba Agarwal**.

The event, held on **September 2, 2023**, aimed to empower parents with essential reproductive and nutritional health knowledge. This initiative highlights our commitment to encouraging informed, open conversations on crucial subjects.

The interactive session emphasized the significance of discussing puberty-related matters with children since only some of their information comes from reliable sources. The primary goal was to provide accurate insights into puberty, menstruation, and nutritional health while underlining the importance of open communication between parents and their children.

**“Empowered girls are informed girls. Knowledge about their health equips them with the strength to make informed choices, shaping a future of vitality and well-being.”**

# JANMASHTAMI CELEBRATION

The school radiated with vibrant, festive colours during the special celebration of **Janmashtami**. Our little ones danced with infectious enthusiasm to the melodious tunes of **Krishna songs and Bhajans**, while the seniors showcased their talent with classical dances and songs in honour of the occasion. Distinguished guests,

**Patron, Hon'ble Mrs Neelam Singla, and President, Mr Manav Singla**, graced this occasion with their presence, extending warm wishes to our students and staff. Their words emphasized the values of unity and spreading joy on this auspicious day. This delightful event provided our students with a meaningful understanding of the significance of Janmashtami, fostering a sense of togetherness and celebration among all.

# CALLIGRAPHY COMPETITION

"The essence of calligraphy encompasses more than just graceful strokes; it also encapsulates the artistry of self-expression."

Brookfield International School organised a Calligraphy Competition on September 15, 2023, for students of Grades I and II.

The primary objective of this event was to foster an appreciation for calligraphy among young learners, offering them a platform to showcase their creative prowess and penmanship skills.

This competition served as a poignant reminder of calligraphy's enduring beauty and significance—an ageless art that continues to inspire generations. It highlights how creativity flows from the nib of a pen, granting words the ability to take flight and rendering art immortal."

# STEM EDUCATION

**"Steminism" is the promotion of gender equality and inclusivity within STEM fields, advocating for equal opportunities in science, technology, engineering, and mathematics."**

Engaging in an **SDG (Sustainable Development Goals)** activity titled 'Steminism,' **Brookfield International School** continued its commitment to holistic education. The significance of fostering independent critical thinking and problem-solving skills in a child's development cannot be overstated.

STEM education serves as a robust foundation for cultivating these skills. It empowers children to harness the tools at their disposal, closely examine problems, both literal and abstract, and engage in critical thinking—a transformative process that nurtures essential life skills transcending the confines of the classroom. These competencies are vital for the healthy development of children, regardless of gender. Our Grade I & II students delved into the world of living and non-living things through hands-on activities, an experience they thoroughly relished.

## THREE LEGGED RACE

**"In the race of life, sometimes the unusual steps bring the most fun and valuable experiences."**

Embracing the spirit of friendly competition, our school held an exhilarating Three-Legged Race Championship between the Red and Blue Houses on September 18, 2023. This whimsical game never fails to delight children, making it a perfect outdoor activity, even for birthday parties.

All you need are pieces of fine rope, string, or scarves. In this race, pairs of competitors have their adjacent legs bound together, with the goal of outpacing the other pairs to reach the finish line first. The race brought sheer joy to our Grade I & II students, reminding us that fun and laughter are essential learning ingredients.

## FROM THE TEACHER'S PEN

Dear students,  
Education is not just about acquiring knowledge; it's a journey that shapes your character and values. Embrace the opportunity to learn, for it opens doors to a world of possibilities. Remember, being an effective and efficient student requires dedication, curiosity, and a strong work ethic.

Strive for excellence in your studies, but also nurture your moral compass. Respect, empathy, and integrity should guide your actions.

Your teachers are here to guide you, but the true path to wisdom lies in your commitment to learning and upholding moral values.

Regards
